Cisco® SPA 514G

Gigabit IP Phone

Advanced desk phone with speakerphone, 4 line keys, Presence and Gigabit network interface

Enhance your business experience with the Cisco SPA 514G 4-Line IP phone with backlit display. It includes four line keys, VLAN-capable dual switched Gigabit Ethernet ports, Power over Ethernet (PoE) support, and a full-duplex speakerphone.

Make use of additional features, including HD Voice*, and intuitive menu options. For users who need to monitor presence, the phone can monitor up to 2 colleagues or up to 6 via expansion modules.

RingCentral provisions its devices before they ship, so you can start using your Cisco SPA 514G with plug-and-ring connectivity as soon as it arrives. The Cisco SPA 514G can even receive remote management, phone and user configuration, and software upgrades directly from RingCentral support.

*HD Voice is available for RingCentral customers in selecting plans

RingCentral
